The Social Security Revaluation of Earnings Factors Orders

Shewing the periodic percentage increases of the earnings factor relevant to the additional pension in any long-term benefit. The Orders directing the increase, the dates on which those Orders came into force, the tax years for which the additional pension was directed to be increased and the percentage increases are respectively shown in columns (a), (b), (c) and (d) below.

S.I. No. (a)	*Coming into Force* (b)	*Tax Year* (c)	*Percentage Increases* (d)	*Rounding of Fractional Amounts* (e)
1979/832	16.7.79	1978-79	13.3	In relation to additional pensions, the increased earnings factor to be expressed as a whole number of pounds. Any fraction of a pound, if less than a half to be rounded down; if a half or more to be rounded up.
