### **PART III** **SPECIAL PROVISIONS**

#### **Section 1**

#### **Special Provisions Relating to the Application of the Legislation of the United Kingdom**

#### **Article 10**

(1) For the purpose of calculating entitlement, under the legislation of the United Kingdom, to a retirement pension in accordance with Article 12 of this

Convention, or to widow's benefit in accordance with Article 16, a person shall be treated as if he, or, in the case of a claim made by a woman by virtue of her ►spouse or civil partner's◄ residence, her ►spouse or civil partner◄, had paid a Class 3 contribution under the legislation of the United Kingdom for any week during which ►he or she◄ was resident in Mauritius.

Words in arts. 10(1) & 11(1) substituted by art. 2 of S.I. 2005/2765 as from 5.12.05.

(2) for the purpose of calculating entitlement to a retirement pension under the legislation of Mauritius in accordance with Article 12 of this Convention, or for the purpose of calculating entitlement to a widows' benefit under that legislation in accordance with Article 16, each week for which a person paid or was credited with a contribution under the legislation of the United Kingdom shall be treated as a week during which the person was resident in Mauritius. For the purpose of determining the number of weeks after 5 April 1975 for which a person has paid or been credited with contributions under the legislation of the United Kingdom, the competent authority of the United Kingdom shall divide the earnings factor achieved by that person in any tax year commencing on or after 6 April 1975 under the legislation specified in Article 2(1)(a)(i) and (ii) of this Convention by that year's lower earnings limit. The result shall be expressed as a whole number, any fraction being ignored. The figure so calculated, subject to the maximum of the number of weeks during which the person was subject to that legislation in that year, shall be treated as representing the number of weeks for which the person has paid a contribution during that tax year.

(3) Where it is not possible to determine accurately the periods of time in which certain insurance periods were completed under the legislation of the United Kingdom, such periods shall be treated as if they did not overlap with periods of residence in Mauritius.

## **Section 2**

### **Retirement Pension and Widow's benefit**

#### **Article 11**

(1) Subject to the provisions of paragraph 93) of this Article, where a person is entitled to a retirement pension (other than the basic component of a Category B retirement pension payable to a ►married person or civil partner◄ under the legislation of the United Kingdom by virtue of the contributions of ►his or her spouse or civil partner◄) under the legislation of one Party otherwise than by virtue of the provisions of this Convention, that pension shall be payable and the provisions of Article 12 of this Convention shall not apply under that legislation.

(2) for the purpose of determining entitlement to additional component or graduated retirement benefit payable under the legislation of the United Kingdom, no account shall be taken of any contribution period completed under the legislation of Mauritius; and for the purposes of this Article and Article 12 of this Convention additional component and graduated retirement benefit shall be treated as separate benefits to which the provisions of that Article 12 do not apply.

[Art. 11(1) and (2) of the Convention is reproduced above unamended. Under s. 18(1) of the Social Security Act 1986 (c.50), however, references to "additional component" of a long-term benefit are to be read instead as "additional pension", and references to "basic component" of a long-term benefit are to be read as "basic pension".]

(3) Entitlement to a retirement pension in the circumstances referred to in paragraph (1) of this Article shall not preclude either Party from taking into account in accordance with paragraph (3) or paragraph (4) of Article 12 of this

Convention insurance periods completed under the legislation of the other Party.

**Article 12**

(1) The provisions of this Article shall apply for the purpose of determining entitlement to retirement pension in respect of a person under the legislation of one Party under which there is no entitlement in respect of that person in accordance with the provisions of Article 11 of this Convention.

(2) Subject to the provisions of Articles 10 and 13 of this Convention, the insurance authority shall determine:

- (a) the amount of the theoretical pension which would be payable if all the insurance periods completed by that person under the legislation of the United Kingdom were treated as periods of residence in Mauritius, or all periods of residence in Mauritius were treated as insurance periods completed under the legislation of the United Kingdom;
- (b) the proportion of such theoretical pension which bears the same relation to the whole as the total of the insurance periods, or periods of residence, as the case may require, completed by him under the legislation of that Party bears to the total of all the insurance periods, or periods of residence, which he has completed under the legislation of both Parties.

The proportionate amount thus calculated shall, subject to the provisions of Articles 13 and 16 of this Convention, be the rate of pension actually payable to that person by the competent institution.

(3) for the purposes of the calculation in paragraph (2) of this Article, where all the insurance periods completed by any person under the legislation of either Great Britain, Northern Ireland or the Isle of Man amount to less than one reckonable or, as the case may be, qualifying year, or relate only to periods before 6 April 1975 and in aggregate amount to less than 50 weeks, those periods shall be treated as if they had been completed under the legislation of Mauritius.

(4) For the purpose of the calculation in paragraph (2) of this Article, where a period of residence in the territory of Mauritius amounting to fifty-two weeks has not been completed in the period between the person's sixteenth birthday and the end of the tax year prior to that in which that person reached pension age under the legislation, no account shall be taken of that person's residence under the legislation of Mauritius and it shall, subject to the provisions of Article 10(1) of this Convention, be taken into account as if it had been an insurance period completed under the legislation of the United Kingdom.

(5) For the purpose of applying the provisions of paragraph (2) of this Article:

- (a) the insurance authority of the United Kingdom shall take account only of periods of residence in Mauritius which would be taken into account for the determination of pensions under the legislation of the former Party if they had been insurance periods completed under the legislation of the United Kingdom, and in relation to a ►person◄ shall where appropriate take into account in accordance with that legislation insurance periods or periods of residence completed by ►his or her spouse or civil partner◄;
- (b) no account shall be taken of any graduated contributions paid under the legislation of the United Kingdom before 6 April 1975 and the amount of any graduated retirement benefit payable by virtue of such contributions shall be added to the amount of any pension payable in accordance with paragraph (2) of this Article under that legislation;
- (c) no account shall be taken under the legislation of the United Kingdom of any insurance period after the person attained pensionable age, but

Words in art. 12(5)(a) substituted by art. 2 of S.I. 2005/2765 as from 5.12.05.

any increase of benefit in respect of such a period under the legislation of the United Kingdom shall be added to any benefit payable under that legislation which has been calculated under paragraph (2) of this Article;

- (d) where a period of residence completed under the legislation of Mauritius coincides with a voluntary contribution period under the legislation of the United Kingdom, no account shall be taken under the legislation of the latter Party of the voluntary contribution period but the amount of any pension payable under its legislation would have been increased if all voluntary contributions paid under its legislation had been taken into account;
- (e) for the purpose of applying the provisions of paragraph (2) of this Article "pension" shall not include any increase payable in respect of a dependent child, but any such increase shall be added to any benefit payable by virtue of the calculation under paragraph (2) of this Article, subject to any limitation provided in Article 15 of this Convention;
- (f) where an equivalent period completed under the legislation of the United Kingdom coincides with a period of residence completed under the legislation of Mauritius, account shall be taken only of the period of residence.

### **Article 13**

(1) Where a person has paid contributions under the legislation of Mauritius for at least twelve qualifying contribution years, any retirement pension to which that person is entitled under the legislation of Mauritius in accordance with the provisions of this Convention or otherwise shall also be payable while that person is in the United Kingdom.

(2) Where a person has paid contributions under the legislation of Mauritius for fewer than twelve qualifying years, any retirement pension to which that person is entitled under the legislation of Mauritius in accordance with the provisions of this Convention or otherwise shall be reduced in accordance with the provisions of paragraph (3) of this Article while he is in the United Kingdom.

(3) The pension of a person referred to in paragraph (2) of this Article shall not, while he is in the United Kingdom, exceed an amount which is equal to the standard rate of retirement pension payable under the legislation of Mauritius, multiplied by the number of qualifying contribution years which he has completed under that legislation, and divided by twelve.

(4) Where the person concerned is a ►married person or civil partner◄, for the purpose of calculating the reduction, if any, to be made of ►his or her◄ retirement pension in accordance with the foregoing paragraphs of this Article, the number of ►his or her◄ qualifying contribution years shall be deemed to be either the number ►he or she themselves◄ has achieved or the number achieved by ►his or her spouse or civil partner◄, whichever is the greater.

Words in art. 13(4) substituted by art. 2 of S.I. 2005/2765 as from 5.12.05.

### **Article 14**

Where a person does not simultaneously satisfy the conditions for entitlement to a retirement pension under the legislation of both Parties, his entitlement under the legislation of one Party shall be established as and when he satisfies the conditions laid down by the legislation of that Party. The provisions of Article 12 of this Convention shall be applied where there is not entitlement under the provisions of Article 11 of this Convention to a retirement pension under the legislation of that Party and his entitlement shall be determined afresh under the provisions when the conditions under the legislation of the other Party are satisfied.

**Article 15**

(1) The provisions of this Article shall apply to any increase of or supplement to a retirement pension under the legislation of either Party in respect of a dependent child or dependent children.

(2) Such increase or supplement shall be payable in accordance with the following provisions:

- (a) where the person is entitled to a retirement pension only under the legislation of one Party, the increase or supplement shall be payable under the legislation of that Party;
- (b) where the person is entitled to a retirement pension under the legislation of both Parties, the increase or supplement shall be payable only under the legislation of the Party in whose territory he is ordinarily resident.

**Article 16**

(1) Subject to the provisions of paragraph (2) of this Article, the provisions contained in Articles 11 to 15 of this Convention shall apply, with such modifications as the differing nature of the benefit shall require, to widows' benefit.

(2) Where a ►widow, widower or surviving civil partner◄ or ►his or her◄ late ►spouse or civil partner◄ has completed a qualifying contribution year under the legislation of Mauritius, any widows' benefit to which that ►widow, widower or surviving civil partner◄ is entitled under the legislation of Mauritius in accordance with the provisions of this Convention, or otherwise, shall also be payable while that ►widow, widower or surviving civil partner◄ is in the United Kingdom.

Words in art. 16(2) substituted by art. 2 of S.I. 2005/2765 as from 6.12.05.

**Section 3****Benefits for Industrial Injuries and Diseases****Article 17**

(1) Where a person is employed in the territory of one Party and the legislation of the other Party applies to him in accordance with any of the provisions of Articles 5 to 9 of this Convention he shall be treated under that legislation for the purpose of any claim for benefit in respect of an industrial accident or an industrial disease contracted during that period of employment, as if the accident has occurred or the disease had been contracted in the territory of the latter Party but injury benefit under the legislation of the United Kingdom or industrial injury allowance under the legislation of Mauritius shall not be payable in respect of that industrial accident or disease for any period before the date on which that person returns to the territory of the latter Party.

(2) Subject to the provisions of paragraph (1) of this Article in respect of the payment of benefit, where a person sustains an accident after he leaves the territory of one Party to go in the course of his employment to the territory of the other Party but before he arrives in the latter territory, then, for the purpose of any claim for benefit in respect of that accident:

- (a) the accident shall be treated as if it had occurred in the territory of the Party whose legislation applied to him at the time the accident occurred; and
- (b) his absence from the territory of that Party shall be disregarded in determining whether his employment was as an employed person under that legislation.

(3) Where by virtue of a death resulting from an industrial accident or an industrial disease a benefit would otherwise be payable under the legislation of

one Party in respect of a child, that benefit shall not be payable to a person who is permanently resident in the territory of the other Party unless the person is residing with, and is responsible for, the child, or he would be residing with the child but for the temporary absence of the one from the other. Such benefit shall not cease to be payable under the legislation of one or the other Party solely because of the temporary absence of the beneficiary and or the child in the territory of the other Party.
